EXPERIENCE

Web Specialist, Iona College, 2017-Present
- Manage and Edit Iona's 4,000+ page site
- Ensure All Code Adheres to ADA-Compliant Standards

PROJECTS

Hopsify (Ruby on Rails/Bootstrap) Live Github

Pair your favorite song with the perfect beer.
- Utilized the Spotify and BreweryDB APIs to create thousands of song/beer options.
- Applied Bootstrap framework for Responsive and Mobile-first Design.

Instaclone (Ruby on Rails, React/Redux and PostgreSQL) Live Github

A dynamic full-stack photo sharing application inspired by Instagram.
- Optimized site performance/scalability through cloud based photo storage on AWS S3.
- Leverage BCrypt Gem to hash passwords for greater DB security.

Bowling In Space (JavaScript, HTML, CSS) Live Github

Save the world from the falling pins.
- Objects move based on pixels resulting in smoother game play.
- State keeps track of current level and increases/decreases speed as player wins points.

SKILLS

- Ruby, Rails, RSpec, JavaScript, jQuery, React, Redux, SQL, Git, HTML5, CSS3, Kentico

---
